### Helpful Tips & Popular Options Worth Considering for Your New Walk-In Van...

<table>
<thead>
<tr>
<th>Question</th>
<th>Answer</th>
</tr>
</thead>
<tbody>
<tr>
<td>Do you need a bulkhead/partition between the cab and cargo area?</td>
<td>What kind of optional cab equipment do you need?</td>
</tr>
<tr>
<td></td>
<td>Think of your car comforts...have you found a drink holder to be handy?</td>
</tr>
<tr>
<td></td>
<td>Most all walk-in vans are an office on wheels...cab work tables,</td>
</tr>
<tr>
<td></td>
<td>document holders, 12 v charging stations...even first aid kits</td>
</tr>
<tr>
<td></td>
<td>Our safety tread provides added traction for drivers</td>
</tr>
<tr>
<td>What type of rear doors do you need?</td>
<td>Would you like enhanced seating with lumbar support, arm rests or</td>
</tr>
<tr>
<td></td>
<td>premium seat coverings?</td>
</tr>
<tr>
<td>Will you be backing up to a dock? What type of rear bumper? Would a lift gate help with your application?</td>
<td>Will you need passenger seating?</td>
</tr>
<tr>
<td>Have you considered a safety back-up camera or sonar system?</td>
<td>What color paint or decal work will finish your truck? Bumper and wheel rim colors...</td>
</tr>
<tr>
<td></td>
<td>Are there any critical Cargo Dimensions? Specific lengths to carry certain products</td>
</tr>
<tr>
<td></td>
<td>or equipment...how much payload do you need?</td>
</tr>
<tr>
<td>Will you need additional cab or cargo venting? Is air conditioning available?</td>
<td></td>
</tr>

### DID YOU KNOW...

Morgan Olson has an entire department of engineers improving our customers' delivery solutions...we're here to help your business too!
Utilities and Telecoms
Major cities throughout the country rely on the durability and dependability of the Morgan Olson walk-in van. Combine the massive payload with built-in driver safety of “Cab-to-Cargo” & “Cargo-to-Cub” and it’s easy to see why power companies choose the Morgan Olson walk-in van.

Get your News on time...every time.
Dock Height floors and pallet loadable with a massive 30,000 lb GVWR.

Food Delivery
Easy to clean shelving

The Bread & Coffee Truck
Adjustable stiffeners provide a flexible cargo area to adjust as your company grows and your products change.

Food Delivery
Easy to clean shelving

The Amazon Delivery Solution
When one truck turns to four more trucks...and then a fleet, you know the walk-in van delivery solution delivered a more profitable delivery solution. That’s exactly what our friends at Amazon Fresh found when Morgan Olson addressed their delivery needs and develop a complete delivery solution. This forward thinking company has embraced the walk-in van and you’ll be seeing more Amazon Fresh walk-in vans in the near future! Go Amazon Fresh!!!

Beyond the Cargo Area
Our custom-made cart systems provide a viable interface between your walk-in van and main distribution hubs throughout the U.S.A.

This specific cart system fits over the wheel well and is pre-loaded for more efficient grocery turn around times.

Dietary Delivery
Easy to clean shelving

The Beverage Delivery Solution
Distribution companies of Keg beer, unique sized beverage bottles as well as good Ole Cola soft drinks are finding that the walk-in van are pallet loadable with dock height floors plus have built-in added security over curtain-side panel trucks. Couple that with a 40% time savings at each pick up and delivery location (see the time study at www.morganolson.com) and it won’t take long for your Morgan Olson walk-in van to pay for itself.
