Gas, Diesel, All-Electric, Propane and more-  
we collaborate your work truck build  
with all leading chassis manufactures.

## PURPOSE-BUILT CARGO AREA

Morgan Olson partners with best-in-class upfitters to complete your step van build.

We build the step van body and collaborate with your upfitter of choice to complete your build. If you need an upfitter, Morgan Olson's sales department will introduce you to our preferred upfitters, who meet Morgan Olson's quality standards. (Photos above & below represent a few examples of our preferred upfitters capabilities)

SEE HOW WE BUILD  
Morgan Olson's  
Body Advantages

At Morgan Olson, our guiding principle **"Built to Last"** has shaped our legacy since introducing the first all-aluminum step van body to the world in the 1940s. Today, we lead the step van industry with more innovation awards than anyone else.

Our design engineers reinforce every aspect of our trucks, from floors to sidewalls, using only top-grade, heavy-duty materials and components. When you experience the superior quality of a Morgan Olson truck, you'll clearly see the advantages that represent a smart investment for your work truck needs.

We take pride in building work trucks every day, driven by the belief that our reputation is only as strong as the next truck we deliver. We look forward to partnering with you and enhancing your fleet with our unmatched quality- always delivering on time- every time.
