

KESTREL

BUYER'S GUIDE

**MORGAN
OLSON**
ALWAYS DELIVERING

The Kestrel Work Truck represents a bold step forward in utility, efficiency, and operator-focused design, expanding Morgan Olson's product portfolio to meet the evolving needs of work truck fleets across multiple industries.

Purpose-built for durability, adaptability, and driver comfort, the Kestrel is engineered to set a new standard for performance in the work truck segment.

Base Body Specifications:

- **Cargo body dimensions: 94" (L) x 66" (W) x 41" (H)**
- **Rear roll up door**
- **Side roll up doors (2 per side)**
- **Cargo area motion sensing dome light**
- **Manual locking roll up door(s)**
- **Rearview back up camera**
- **Convex side mirror**
- **Body builder auxiliary access***

Global Drive Compatibility

Left-hand or right-hand drive — The Kestrel adapts to your world. Whether you're navigating American highways or international cityscapes, Kestrel's dual-drive availability ensures a seamless work truck experience across borders.

We built the Kestrel on the Jeep Gladiator platform, pairing Morgan Olson's work truck strength with the Gladiator's automotive comfort.

* A pre-wired connection hub for accessories like lights, winches, or air compressors to pre-wired switches inside the cabin.
